RUTLAND, VERMONT

Annual Report

Year Ending December 31st
1957

RUTLAND PLYWOOD CORPORATION AND CARRIS REELS

* * * * *

Rutland Plywood Corporation, which was formed in April of 1957, purchased the Bauer Lumber Co. property in Center Rutland this past May. The building was renovated and equipment installed so that the production of plywood started in October.

Rutland Plywood Corporation manufactures hardwood plywood from locally purchased logs. By January of 1958 there were 28 men employed in this firm.

Carris Reels, Inc. which was formed in 1951 moved in to leased space in the Rutland Plywood Corporation building September 1st, 1957. This firm manufactures plywood reels for the wire and cable industry. All of the plywood used by Carris Reels, Inc. is purchased from Rutland Plywood Corporation. There are normally 35 men and women employed in the manufacture of reels.

Auditors.

**RUTLAND TOWN SCHOOL DISTRICT
REPORT OF THE SCHOOL DIRECTORS
AND SUPERINTENDENT**

After the close of the school last spring your Directors and Superintendent of Schools inspected the school buildings and determined the amount of work necessary to be done in order to bring the buildings into proper condition for the next school year. There follows a report of the work done at each school.

Haiti School

Made such minor improvements as were necessary. Thoroughly cleaned the building, sanded and sealed the floors. Installed new shades where necessary.

21

Cheney Hill School

Thoroughly cleaned the building, including reconditioning and sealing of the floors. Made necessary repairs to the building, including some painting. 36 chairs were added to their equipment.

Dyer School

The basement of this school has not been in satisfactory condition for serving hot lunches and as an assembly room for school activities since the damage caused by vandals in the fall of 1955. Because of the need of new heating equipment, a contract for a complete alteration of the basement was made during the year, involving the installation of new heating equipment, reconditioning of floors and walls, providing new electric wiring and the building of partitions to provide for kitchen and storing of supplies. The basement is now in excellent condition and is being used daily for serving hot lunches and providing accommodations for other school activities. The Parents' Club also hold their meetings there.

In addition to the above there was the general thorough cleaning, the sanding and sealing of the floors and other minor repairs in the way of maintenance. Some new desks were supplied.

Center Rutland School

All rooms were given a thorough cleaning. The floors were re-conditioned and sealed, including the floor of the Town Hall. Other minor items of maintenance were performed. The treads in the exterior stairway were replaced. Some new desks were added.

Transportation

At the last Town Meeting the School Board was granted permission to enter into a new contract for transporting the pupils attending the elementary grades. Therefore, a contract was made with the Stowell Transportation Corporation for a period of five years at a rate of \$7,500.00 per year, subject to change as the needs of transportation change from year to year. The Stowell Transportation Corporation provided two new and larger buses, and in addition to the above it was necessary to employ the services of three private cars to take care of the transportation of a

small number of pupils who live off the routes covered by the buses. The present arrangement is working out nicely, and there is no problem of overcrowding such as had been the case previously.

School Lunches

With a majority of the school children being transported, few may conveniently get home for noon lunch. Each school now operates the type of warm meal which gets state reimbursement, and many commodities are available at merely cost of storage and trucking. Quantities of frozen hamburg, canned meats, canned fruits and vegetables, dried beans, rice, dried milk, butter, cheese, peanut butter, lard and other foods have been received. So much work is entailed in carrying on each program of lunches that each school depends upon its P.T.A. or Parents' Club to hire helpers and to raise supplementary funds. Their continued help in doing this important work is deeply appreciated.

Instruction

Two changes came among our faculty members, each occurring at Center Rutland and in rooms with large attendance. Though this may have temporarily upset pupil progress, our new teachers are making favorable efforts to attain full achievement at year's end.

Standard maturity and achievement tests are being administered to evaluate scholastic results for all the children. Teachers are aware of the nation-wide attention now focused upon the schools. The challenge is to get the most advance possible in educational progress from every student in basic things, with more stress on high attainment.

Center Rutland School Activities

Among events which are intended to improve character and citizenship are: weekly meetings of school patrol members and student monitors, assemblies each two weeks, poetry and art used in safety contests, planned and judged by a student group, student monitors working with the teachers in noon-hour and play-time activities.

Other activities include group singing, glee club work, local music festival, the school newspaper, physical education in grades 6-8, educational films integrated with subject matter, essay con-

tests. In the district division of the state forest essay contest, among hundreds of competitors, Mary Loveland won first place and Brian Burke second place. In the state division, involving 1200 contestants, Mary Loveland won third place.

The Center Rutland Parent Teacher Association has sponsored health clinics, lunches, special parties for the school patrol and monitors, the Christmas party, and corsages for graduation. Their funds have provided membership in the state film library, given 30 new books to the school from the Dorothy Canfield Fischer list.

Dyer School Events

Last winter a Parents' Club was organized with Mr. and Mrs. Edward Lurvey as co-presidents. Hot lunches were started after being discontinued about ten years ago. Card parties held weekly have brought in funds to support the lunch project. The "big news" of the year was to have the School Board authorize a complete renovation of the basement with a new heating system, new kitchen and an enlarged lunch and assembly room.

The audio-visual program now enables the pupils to enjoy the same services as used at the Center Rutland school. A better music program is being enjoyed with the new facilities. The annual school picnic was held at Lake Dunmore during closing week in June. The school patrol is active and most responsible in dealing with the busy intersection on Route 7 and the Cold River road.

Savings accounts by 94 percent of the students in the school are carried on under the School Savings Plan operated by the teachers and a local bank.

Haiti School Notes

The Haiti Community Club conducted several affairs during the summer and fall to raise enough money to start hot lunches. A new stove and a refrigerator were purchased and installed by club members. An electrician donated time and fixtures to get the kitchen ready for the lunch project. Others donated tables and work to clean, paint and decorate downstairs. A lunch helper was secured so that the program started on last November 18. Inspection by the state director of school lunches brought a favorable report of progress.

The health program includes a chart of periodic weight changes among the children.

The Community Club participated in the Christmas program and look ahead to many seasonal activities of a similar kind when they may enjoy their newly renovated facilities.

Cheney Hill School Notes

A "Treasures of Nature" contest in October gave 19 pupils experience in natural science. At Halloween time the children planned the decorations, organized games, then served the refreshments. At the Christmas exercises pupils took part in an operetta, "The Cobbler's Story."

The P.T.A. held its membership supper in September. They have held study group sessions and sponsored card parties to raise funds for hot lunches and to buy dishes. Members have given time and furnishings for the stage equipment repair and classroom articles and taken part in many seasonal programs.

Success of the school lunch program has been made possible through the hired helper and other needs furnished by the P.T.A.

A tabulation of future enrollments, estimated from including pre-school children in the annual census, is given below. An effort is being made to use these figures to determine when additional classroom space may be required as well as to plan the allocation of children to their particular classrooms in any of the four school buildings.

	1958	1959	1960	1961	1962
Center Rutland	7	10	11	11	9
Cheney Hill	7	5	7	10	7
Dyer	5	1	5	1	3
Haiti	7	8	10	10	4
Mill Village	4	..	5	2	3
Post Road	2	1	2	..	3
Totals	32	25	40	34	29

Information of a statistical nature will be found in accompanying tables having to do with finances, school enrollment, 5 year average cost per pupil, average daily attendance, lists of eighth grade graduates and teachers and their remunerations.

It is of course necessary annually to replace worn and soiled text books and to provide additional text books that become available from time to time.

The cost of maintenance of our buildings, the providing of heat and light, transportation of students, the providing of higher education and the employment of competent teachers increases from year to year. The expense of providing for all of the above for the ensuing year, starting July 1, 1958, will be even greater than for the present year. To cover this expense, your Board requests a tax of \$2.70 on the Grand List. This is only a very small increase, however, over the present year. We are receiving a greater amount of State aid than heretofore, and we expect some increase in the future years. However, it is well to keep in mind that the fund for State aid to schools is secured through other methods of taxing the citizens of the State. The budget for the ensuing year is set forth in another part of the report, and by comparing same with those of previous years, you will easily ascertain where the increased costs of operating our schools are incurred.

We are indebted to Dr. Vera G. Congdon, now of Bellows Falls, Vermont, because of her gift to Dyer school in the way of two large pictures of The Forum and The Colosseum. These are now properly identified and are hanging in the school. Dr. Congdon was a student at Dyer school from 1894 to 1898.

We express our appreciation to the P.T.A. Associations at Cheney Hill and Center Rutland, the Haiti Community Club and the Parents' Club of the Dyer section, to the teachers for the services which they have so generously and efficiently rendered and to all others who in any way have contributed to the successful operation of our schools.

Respectfully submitted,

ANNE K. HOUGHTON,
ALVA T. HOWE,
MYRON J. BEEBE,

School Directors.

FRANK O. STILES,

Superintendent.

VERMONT DEPARTMENT OF SOCIAL WELFARE MONTPELIER, VERMONT

This is the twenty-second annual report which I have made to the citizens of Rutland Town regarding State payments in your municipality of various types of assistance and welfare during 1957. The support and cooperation of town officers and people generally over this long period is gratefully acknowledged. We have some measure of responsibility for 12,000 individuals and annually spend about six million dollars.

The total number of recipients in all four programs has not changed substantially for several years. Due to the extension of Social Security, the number receiving Old Age Assistance has declined but those receiving Aid to the Permanently and Totally Disabled have increased. Supplementation of inadequate amounts of Social Security benefits is an increasing role of Public Assistance. Towns and cities participate financially in two of the programs as indicated below. Administrative expenses for the four types of Public Assistance have always been among the lowest in the nation. In one state the recipient receives less than eighty-two cents out of the assistance dollar. In Vermont the recipient received ninety-six cents.

Old Age Assistance	\$6,332.00
Aid to the Blind	
*Aid to Dependent Children	4,860.00
Aid to the Disabled	1,278.00
†Committed Children	
 TOTAL	 \$12,470.00

W. ARTHUR SIMPSON,

Commissioner.

— — —
*One-eighth paid by the town or city unless family is non-settled.

†One-half paid by the town or city unless family is non-settled.

REPORT OF THE VERMONT DEPARTMENT OF HEALTH

Rutland Town, like all towns, develops community health problems. A public health team from your Vermont Department of Health including a bacteriologist, chemist, dentist, engineer, health educator, public health nurse, nutritionist, physician, psychologist, sanitarian, social worker and statistician is available to aid your health officer, local doctors and other local citizens with such problems.

This report summarizes many services offered by the health team through use of state tax dollars, and indicates those services rendered to Rutland Town last year to promote health in the community.

HEALTH SERVICES WHERE YOU LIVE AND WORK:
A healthy environment for your town results when water and sewage systems, factories, schools and other public buildings, and food and lodging establishments are properly constructed and operated.

Food and lodging places: inspections—consultations	30
Industrial sites: inspections—consultations	0
Water, sewage, public buildings: inspections—consultations	40
Water samples: laboratory—analyses	30
Food and dairy products: laboratory—analyses	0

HEALTH SERVICES TO INDIVIDUALS: The public health nurse is a member of the Health Department team often seen in your town. She assists in organizing local health efforts. During the year she has, with assistance from people in your community, served at well-child and school conferences, x-ray clinics and immunization clinics and with visits to homes, doctors and agencies to promote and protect the health of children and adults.

Well-child Conferences: persons served	42
School Conferences: persons served	35
Chest x-rays: persons served	15
